

Print one good page first

Check the print dialog before making a class set. These one-page resources are designed for US Letter.

☐ Select the paper size actually loaded in your printer.

☐ For US Letter, choose actual size or 100% scaling.

☐ For A4, choose fit to page rather than cropping the edges.

☐ Select portrait orientation and one page per sheet.

☐ Print one copy; check the edges, pale models and dotted lines.

☐ Use regular quality or darker settings if a draft looks too faint.

One adjustment to try next time _____

US Letter is 8.5 × 11 in; A4 is 210 × 297 mm. A fitted A4 copy is useful, but its printed measurements are not identical.

US Letter: actual size / 100%. A4: fit to page. Personal, household or one-classroom printing.

No resale or redistribution. <https://cursive-generation.com/shop>
